Know Your Traffic Laws

Prepared in cooperation with the Traffic Education Bureau of the Torrance Police Department

There continues to be many calls received at the Torrance Police Department regarding intersections that are equipped with pedestrian control devices.

These pedestrian controls have been in operation for some time, but many people still don't understand their operation.

Sections 21456 and 21456.1 of the California Vehicle Code set down the regulation for these pedestrian control devices. As a pedestrian, each person has traffic responsibilities when he fails to observe traffic laws, and can be cited for these violations.

LAST YEAR, three of the five traffic fatalities in Torrance involved pedestrians. As part of the walking public, each pedestrian is asked to do his part by obeying the city's traffic laws and helping to keep the city accident-free.

The CVC sections pertaining to such controls state:

Walk, Wait, or Don't Walk

21456. Whenever an official traffic control signal exhibiting the words "walk" or "wait" or "don't walk" are in place, the signals shall indicate as follows:

- (a) Walk. A pedestrian facing the signal may proceed across the roadway in the direction of the signal or in a diagonal direction across the roadway within the intersection if so instructed by signs or signals installed at or near the intersection.
- (b) Wait or Don't Walk. No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the "walk" signal shall proceed to a sidewalk, safety zone or island while the "wait" or "don't walk" signal is showing.

Pedestrian Traffic Control

21456.1. Whenever an official traffic control signal exhibiting the words "walk" or "wait" or "don't walk" is shown concurrently with official traffic control signals exhibiting the words "go," "caution" or "stop," or exhibiting different colored lights successively, one at a time or with arrows, a pedestrian facing such traffic control signals shall obey the "walk," "wait" or "don't walk" control signal as provided in Section 21456.

County Library Offers Books in 44 Languages

Are you a super-linguist or a beginner learning your first foreign language?

Whoever you are, the Los Angeles County Public Library has something to offer you.

The super-linguist can check out a book in any one of 44 different foreign languages.

The beginning student can find a dictionary and basic grammar in most of the 44, plus a wide selection of fiction, non-fiction, children's books and reference works in seventeen of the major foreign languages.

A complete listing of every book available in the foreign language section of the county library's 2-million-plus book-stock, including the title, the name of the author and the subject matter of the book, are set forth in the new edition of the library's "foreign" catalog, distributed this week to all 93 libraries in the county library system.

IN MAKING the announcement County Librarian John D. Henderson said plans are now in the making for a rapid expansion of the juvenile books in the section.

The library, he said, hopes to be prepared with supplemental reading for school children who, according to state law, must be taught a foreign language in the upper elementary grades, beginning no later than 1965.

The section now comprises many of the books that are classics in their respective lands, many by leading contemporary authors of the various countries, and some that are translations of works that originally appeared in other languages.

Two companies will receive an estimated \$200,000 to relocate pipelines as a prelude to additional work in the Dominguez Channel flood control improvement.

The Board of Supervisors approved reimbursement to Richfield Oil Corp. and Chevoit Hills Pipeline Co. for costs of moving the lines to permit channel improvement from Wilmington Avenue upstream to Avalon Boulevard.

Superintendent Burton W. Choe said estimates of Richfield's cost will be \$135,000 and Chevoit Hills approximately \$65,000.

Plans for the project are nearing completion and the County Flood Control District expects to call bids in April. The job will require widening existing unimproved sections of the channel and acquisition of additional rights-of-way by the district.

Moving of the three pipelines outside the channel area is the district's obligation because of prior rights held by the firms, Choe said.

Karate Bout To Be Held Saturday

The first all-American Tang Soo Do (Karate) exhibition will be held Saturday at 2 p.m. at the Alondra Park Gymnasium, 3535 Redondo Beach Blvd., Gardena. There will be a 50 cent donation.

Karate, according to Carlos R. Norris, instructor at Lawndale High School and Black Belt holder in Karate, is a weaponless means of self-defense, which consists of techniques of blocking or thwarting an attack and counter-attacking, striking or kicking.

We should aim rather at leveling down our desires than leveling up our means.—Aristotle.
